The Evening Telegram Page of P.-S. Store News

A FREQUENT OCCURRENCE UNHELPABLE.

A regular customer comes to the store an hour or two later than others who arrive when the doors open and finds that advertised lots are sold. We are very particular to have everything ready for customers as advertised, and whatever is advertised is kept on sale until sold, with but few exceptions.

Sometimes qualities that may seem large to the public are often quickly sold out.

It is well to remember that many small qualities may be found throughout the house that are splendid prices and are never advertised.

Great exactitude is observed in counting and stating the number of certain lots of goods in the advertisement when it seems probable that the demand for them may be greater than we can supply.

The store always plays fair between man and man.

'My Feet Were Crippled When I Was a Child'

We hear that so often from the men and women who come to our Shoe Store. Not that they are seriously maimed, but their feet have slight deformities that often are extremely troublesome.

All because they did not have the high shoes when they were children.

Children's Shoes.

should be designed and fitted with great care, so that the rapidly growing feet are not cramped. That is the kind of shoes you will find in our Children's Shoe Store, in all the wanted leathers and at a range of prices to suit everybody.

We Just Can't Find Better Towels Than These

It is our business to know the market on all lines carried in this store, and for years we have tried to beat the producer of the mill that supplies us with these linen huck towels we are selling at 25c.

They are full 18x36 inches, extra heavy weight, and you may have them plain white or white with red and blue borders.

Cover-All Aprons

Women buy rather than make these aprons, for two reasons, first, they cost more to make; second, save time for something better—read a book, social work or a deserved rest.

For this reason most every woman who passes this pile of aprons will pick them up for 50c each. Made of Amuskeag gingham and light and dark percale, in extra large sizes.

Warner's Front Lacing Models
\$1.50, \$2, \$3

It is real economy to buy a good corset provided this corset is accurately fitted to your figure.

Lace front corsets are not expensive.

There is no necessity for paying exorbitant prices for them. To be truthful there are high priced numbers that are worth all you pay, but for the women of moderate means who wish a lace front corset, we have them as low as the above in Warner's Rust Proof.

There are no weak spots in the Warner's Rust proof Corsets. The cloth is as good as the boning and the boning as good as the garters—every detail in perfect accord with the rest. We know them from experience—the best possible materials at every price.

Then our corset service guarantees you a perfect fit. Careful personal attendance by our skilled corsetiers insures every possible benefit in fitting the Warner's model that is proper for your figure.

A Fitted Brassiere

Your brassiere must not be merely an attractive piece of lingerie. This is its least important function. Its chief purpose is to shape and support the figure above the corset.

Warner's Brassiere 50c, \$1.00, \$1.50.

DeBevoise Brassiere, 50c, \$1.00, \$1.50.

Are You a Better Cook Than Your Mother Was?

If you are not, she would be the first to ask why. Think how much easier it is for you than it was for her to be a fine cook and housekeeper, how many things science has invented to lighten housework or do it better!

She used coal, with all the labor that meant. You cook with gas or electricity; far less work and a cool kitchen. You have a meat grinder, a mayonnaise mixer, an egg beater, a self-basting roasting pan, a bread mixer, a fireless cooker and saving devices all over the house.

Any one of which your mother would have welcomed as a marvelous help in her daily work. When you remember the sort of tools she had, and how hard every process was for her, isn't it a wonder she was so fine a housewife and cook?

The world moves and our kitchens with it. The Parsons-Souders Housefurnishings store on Basement Floor shows women how far labor-saving science has gone. Whatever has proved best for doing any household or kitchen task, for saving time, money, energy, that thing is here in the Sale, at the lowest price possible.

OF INTEREST TO WOMEN

A New Turkey Dressing. A novel and delightful dressing for turkey is made as follows: Make a dressing of parsley, thyme, sage, a few pitted olives and some small mushrooms. Chop all fine and add equal parts of bread crumbs and mashed sweet potatoes, two eggs, salt, pepper, a pinch of cloves and the chopped liver of the turkey. Stuff the turkey, and instead of sewing

ing it up insert wooden toothpicks on each side of the opening and lace back and forth over the toothpicks, drawing the string tight enough to close the opening. When the bird is roasted pull out the toothpicks and the string will fall off, leaving no unsightly marks.

Devilled Eggs in a Nest.

Hard boil six large eggs and when cold remove shell; cut crosswise and remove yolk; mix the latter with boiled mashed asparagus tops, mustard, butter, pepper and salt and refill each half of egg. Press halves together and wrap in white tissue paper, twisting the ends.

In a round dish lay the remainder of the boiled asparagus, not mashed, with tips toward edge of dish; fill center of dish with parsley and place therein the eggs. This makes a very pretty and appetizing dish for company.

AID SOCIETY

In Colored Circles is Highly Entertained by Little Naomi Virginia Wilson.
